Our LaunderCare program will provide the technologically advanced products and industry-leading expertise you need to improve quality and lower costs throughout your entire laundry operation.*

## IMPROVED EMPLOYEE SAFETY

Through a combination of innovative products and on-site training, LaunderCare helps keep your laundry employees safe:

- Color-coded products are simple to understand and easy to use.
- Automatic-injection products require no employee contact.
- Full customer training ensures safe and proper product usage.

## YOUR PROBLEM-SOLVING LAUNDRY PARTNER

### BETTER RESULTS, LOWER COSTS WITH INDUSTRY-LEADING CHEMISTRY

Our full line of Eco-Star laundry products combines higher quality results with overall operational costs savings. We deliver these benefits by using our advanced cutting edge technology—unique structured liquids that hold powder in suspension for cleaning, anti-redeposition and chelating that exceed any results you could expect with conventional liquid products:

- **Boost productivity up to 25% over conventional systems.**
- **Reduce water consumption by 15-25%.**
- **Cut energy costs up to 35% with low temperature operation.**

### PROGRAMMABLE DISPENSING

Our programmable dispensers offer the most advanced microprocessor-based technology for total flexibility:

- Programmable for up to 16 linen classifications.
- Adjustable for a variety of soil levels and fabric types.
- Easy to operate, consistent and reliable.
- Dramatically lowers need for costly rewashing.

### COMPREHENSIVE TRAINING PROGRAM

Ecolab offers the most comprehensive training program in the industry—providing the knowledge and expertise laundry employees need to deliver consistent, superior results and improved productivity:

- 4-module program covers all phases of your laundry operation.
- Easy-to-understand training materials.
- Personalized on-site training is provided by your LaunderCare Specialist.
